ANOTHER WIN FOR NICKLAUS

Other golf games may look this good, but nothing has as many features or is as much fun to play as *Jack Nicklaus Golf & Course Design: Signature Edition.*™

Wait until you get your hands on the all-new 256 colour Course Designer where you can create super-realistic courses in incredible detail.

And the super-fast, super-easy, multi-feature gameplay gives you the most complete computer golf experience.

DESIGN

Create your own signature courses – with spectacular objects and backgrounds – down to the finest, most dazzling 256-colour detail.

◆ **The only 256-colour Course Designer**

◆ **The fastest redraw of screens after every shot**

◆ **The most realistic & easiest-to-use interface**

◆ **The most complete Tour statistics**

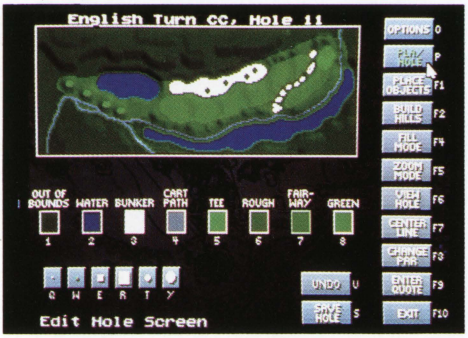
◆ **Beautiful 256-colour rendering of *two* Tour courses**

◆ **The digitised swing of Jack Nicklaus himself**

◆ **The widest variety of golf shots**

◆ **Gorgeous 256-colour VGA courses,** – Digitised horizons, trees and objects; fully contoured, smoothly bit-mapped fairways, greens and bunkers.

◆ **New 256-colour Course Designer** – Edit or design in 256 blazing colours. Create a hole, play it instantly.



◆ **New Tournament option** – Compete against the best, including Jack.

◆ **Two new Pro Tour courses** – Not just one course, *two* great ones. Plus stunning new 256-colour Course Disks are on the way.

◆ **Amazing realism** – Digitised sound effects, crowd noises and music, varying club trajectories, animated flagstick, real rolls and bounces.

PLAY

Challenge two of Jack's finest course designs – lush English Turn Golf Club (New Orleans), home of the USF & G Classic, and rugged Sherwood Country Club (Thousand Oaks, CA), site of the Ronald McDonald-Greg Norman tour event.

– DUE FOR RELEASE AUTUMN 1992 –

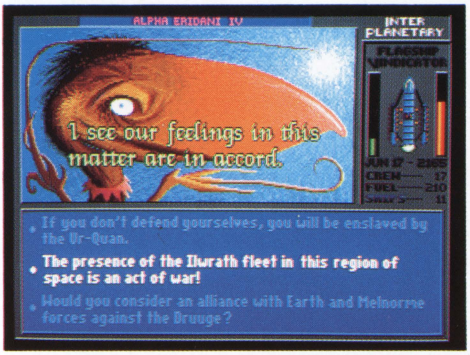
A sequel to *Star Control*,™ and two years in the making, this title has evolved from an Arcade/Action game to a Science Fiction/Role Playing Game.

The plot consists of the exploration and liberation of alien species and planets. The setting is twenty years after the great war, with you as a young adult from the Earth research colony Unzervald.

The colony has had no contact with the outside world, and now you have been chosen to investigate what

happened to Earth and the alliance of Free Stars.

In your journeys, you'll converse with 18 different alien races, explore a universe of over 500 star systems and 3000 planets, and engage in space combat.



In addition to the main program, players can create, name, and save their own armada of up to 14 ships from both Star Control and Star Control II, then challenge a different team of 14 ships created by a friend or the awesome computer opponent.

KEY GAME FEATURES

◆ **Sequel to the hit game Star Control** voted Best Science Fiction Game of 1990 by Video Games and Computer Entertainment

◆ **Ultra-brilliant** 256-colour VGA graphics of hyperspace, 3-D colour rotation planets, fractal-generated planet surfaces, alien ships and more

◆ **Remarkable soundtrack** of digitised sound and music

◆ **Interesting mysteries** to unravel, and plots within plots

◆ **Over 500 star systems** and 3000 planets to explore and liberate

◆ **Reconfigurable flagship** made of precursor relics, escorted by an armada of fighters

◆ **25 distinctly different spacecraft** to master in the full game

SOMETHING WICKED THIS WAY COMES

How do you follow *Elvira*® *Mistress of the Dark*,™ recently named role-playing adventure of the year by Computer Gaming World? If you're the designers at HorrorSoft Ltd., you make an adventure that's even bigger and better and call it *Elvira II: The Jaws of Cerberus*.™ This time an evil force has penetrated our dimension, possessing Black Widow Productions in Hollywood.

The studio owner, Elvira herself, has vanished. And now three cavernous movie sets – a graveyard,

haunted house and catacombs – are erupting with the most hideous monsters of gothic horror.

Your quest? Find and rescue Elvira from these craven worlds then fight a final cataclysmic battle with a nether-world entity of awesome fury.

"Blood, black magic, corpses, atmosphere and horror. Elvira II is the sort of adventure game you rarely get to see. A great title from Accolade."
Joystick Magazine.

"Grade A."
Amiga Joker Magazine.

"...it is one heck of an enjoyable game which doesn't take itself too seriously. Both fun and shocking, action-packed and mentally stimulating, it is certainly a worthwhile addition to any lover of Elvira."
Game X Magazine.

◆ **State-of-the-art 256-colour VGA graphics**

◆ **Completely icon driven** – fast, intuitive Point & Click

◆ **Nearly 4,000 locations** – five times larger than Elvira!

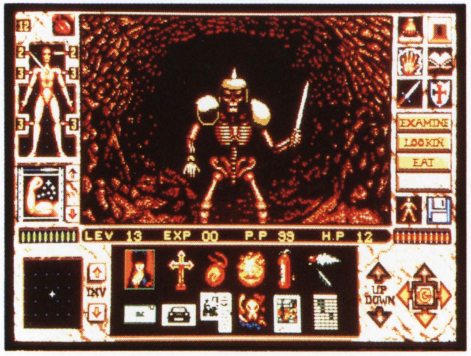
◆ **More than 700 deadly weapons, scrolls and tools of the trade to find and use**

◆ **New on-screen Spell Book Generator** – Twice the number of spells as Elvira; mix and cast instantly, even in combat

◆ **New on-screen, 360-degree Enemy Detector** – Know instantly about pending attacks

◆ **Haunting soundtrack** – And graphics that will appeal to both Graphic Adventure players and Role Playing fans

◆ **All new Hit Point Allocation System** – Real-time combat gets even more realistic with improved damage scoring



◆ **Formidable new opponents** – Hundreds of creatures to battle including skeleton warriors, flying bats, mummies, and orcs

◆ **Three fantastic worlds** – Sinister "back lots" including a graveyard, haunted house, and catacombs
